Akshay

Chapter 1

The Awakening

Learnings

- Learn by solving your own problem
- AI is good

Chapter 2

The Mirage

Learnings

- Clear the clutter
- Show what matters: UX

Chapter 3

The Uncanny

Learnings

- Tech is supposed to elevate
- Trick: Take off developer's hat
- Trick: Think how the feature would work without tech/web

Chapter 4

The Echo

Learnings

- Definition of craft
 - Stop and think what you can do better
 - Multi pass
 - Initiative, Closure, Consistency

Chapter 5

The Tether

Learnings

- Localfirst
 - Sync engine
 - Remember: Tech to help
-
- Definition of MVP
 - X-factor

Chapter 6

The Convergence

Learnings

- Sprinkle AI
- The bus is leaving
 - With or without you
- AI won't replace you if you are smart
 - AI learns from history. Propose something not done in history

and they lived happily ever
after

Credits

- Linear: For inspiration for sync engine
- Linear: For inspiration for MVP and x-factor
- ElectricSQL: For Postgres in browser
